HOCO VACCINATION SURVEYS DUE BY 2-5-2021.

We have distributed surveys to ALL residents between 65 to 74 years old and older as of January 29th, 2021. The response was GREAT!!!

Your Resident Services Coordinator contacted HOCO Health Dept. and submitted all the surveys submitted via internet survey link provided and returned receipts to each resident who turned in the survey same week.

Please return the surveys even if you are over the age of 74 as I have been informed that you still can be contacted to receive an appointment to have the vaccination also with this age group if you missed the phase for older adults and frontline workers in early January 2021.

IMPORTANT!

Please remember to drip the water in bathroom and kitchens always when the temperature drops below 30 degrees to avoid pipes from bursting.

UPCOMING COMMUNITY EVENTS AND UPDATES:

Due to the Pandemic and the ongoing spread and numbers not low enough in HOCO and Maryland we are going into our second year with our community center closed.

Weekly delivery of Roving Radish orders are being left at your door weekly.

Please let Jessica Harris the Resident Services Coordinator know if you would like to have an American meal or Korean Meal weekly and also if you would like to continue to receive FREE Feed Howard County pre-prepared meals twice a month.

Glen Mar Church children of the church have done art work that they have created for each resident this month here at Shalom Square and it will be distributed this Thursday, February 4, 2021 by McKenna and the Resident Services Coordinator – Jessica Harris. Please Note: If you are not home we will leave inside your screen door to ensure it does not get wet or damaged)

We will have a virtual community meeting via ZOOM for all residents who are interested this month. The Resident Services Coordinator will be sending out a notice with the link and a Building Link email also with more details.

Resident Services Coordinator will be distributing V-Day gift bags on February 11, 2021 to ALL Shalom Square Residents- We will hang on your front screen door and ring bell. This is to avoid contact and keep everyone safe. We hope you enjoy your small tokens of appreciation on such loving day!!! Happy Valentine's Day!!!

All Maintenance work order request will accompany a phone call from Michaela Lyons our Maintenance Coordinator who will ask the three (3) safety questions we provided to everyone on January 29th, 2021 to review.

Your temperature will be taken if at front door prior to maintenance entering to complete any work order tickets entered effective January 29th 2021.

Please remember to contact the Resident Services Coordinator if you have any Covid-19 Symptoms or experiencing a high temp prior to any maintenance or staff entering your apartments.

We appreciate you all for your cooperation in advance with helping keep all residents and staff safe and please remember to WEAR YOUR MASK when exiting your apartments, coming to leasing office or even just when picking up your mail in the foyer of the community center.

THIS IS VERY IMPORTANT!!!
